Professional Scrum Developer Training

SYDNEY | MELBOURNE | BRISBANE | CANBERRA | PERTH

Professional Scrum Developer

Improving software development with SCRUM ORG™

The Professional Scrum Developer (PSD) course is a unique and intensive experience for software developers. The course guides teams on how to turn product requirements into potentially shippable increments of software using the Scrum framework, Visual Studio and modern software engineering practices.

Attendees will work in self-organizing, self-managing teams using a common instance of Visual Studio Team Foundation Server to achieve this goal.

Why SSW?

Because we really know the rules of Scrum and have implemented in organizations of all shapes and sizes . SSW has the largest number of Scrum trainers in Australia.

We're not just trainers, we're developers with real experience.

Available in 3-day and 5-day formats. Book now to get:

✔ **A Scrum Master for the first sprint of your next project**

✔ **A two hour Software Audit**

View upcoming training dates at **http://r.ssw.com/scrum-course**
